Design *features*

10pitch\**type*

10 letters per inch, at 12 pt.

A visual example of a monospaced font. The word "Hiim" is displayed in a bold, black, sans-serif typeface. Each character is contained within a separate, equally wide rectangular gray box, demonstrating that every character occupies the same amount of horizontal space. The letters are: 'H', 'i', 'i', and 'm'.

monospaced

A visual example of a proportional font. The word "Hiim" is displayed in a bold, black, sans-serif typeface. The characters are contained within rectangular gray boxes of varying widths, where the width of each box is proportional to the width of the character it contains. The letters are: 'H', 'i', 'i', and 'm'.

proportional
